Keynote Speaker:

DAN DUBOVSKY, MSW, LSW

FASD Specialist

Task Leader for Training and Technical Assistance for the SAMHSA FASD Center for Excellence

Dan has worked for more than 30 years in the fields of mental health and developmental disabilities. He began his career as a childcare worker in residential treatment. After receiving his MSW, he worked as a therapist in a residential setting with children, adolescents and young adults and their families. Dan has also worked as a therapist in community-based and hospital settings, addressing both medical and psychiatric needs of those with acute, chronic and terminal illness. Dan has developed and facilitated ongoing groups for persons with disabilities, as well as groups for residential, nursing and social work staffs. Dan has presented regionally, nationally and internationally on many topics, including Fetal Alcohol Spectrum Disorders, ADHD, psychopharmacology, transition, socialization coaching, schizophrenia, mood disorders, loss and grieving, and therapeutic alliances. For much of his work, Dan's 28-year old son Bill has been his mentor and best teacher.

## *Fetal Alcohol Spectrum Disorders Summit*

### **PURPOSE**

- Educate service providers to increase knowledge and understanding of Fetal Alcohol Spectrum Disorders (FASD).
- Plan and develop strategic objectives to prevent and serve those already affected by FASD.

### **OBJECTIVES**

- Acquire information to recognize individuals with FASD.
- Identify the challenges of those at risk for having a child with FASD and learn strategies to help provide more effective treatment and education.
- Centralize service providers in the FASD continuum of care service delivery system to develop resources and expand efforts.
- Identify and support the implementation of effective strategies for preventing and treating FASD.
- Develop a comprehensive education campaign to change public views about drinking during pregnancy and potential outcomes.
